

Conversing with the CEO

Global Parents,

We are meeting to form a committee to meet monthly and discuss ideas on making Global a better learning institution with the involvement of our Global parents. We will discuss the future Career and Technical Education (CTE) Building and sample the cooking of our Culinary Art students.

I anticipate seeing you at the meeting and working to make things “Global.”

Please RSVP your attendance by calling the Administrative Office at 716-821-1903 extension 8878 and leave your name.

Educationally yours,

Tracy L. McGee,
CEO
